

## **AAR TRAINING PACKAGE**

The *Conducting Effective After Action Reviews* is a training product that was developed in 2005 as a cooperative effort between the NWCG Leadership Committee and the Wildland Fire Lessons Learned Center. This training is designed to explain the intent and facilitation techniques for the After Action Review (AAR) process. The material is delivered through PowerPoint presentation and video. The target audience is anyone participating in, or desiring to facilitate an After Action Review. Instructors should have experience in conducting basic After Action Reviews. The time required to present this package is 1 to 2 hours.

The package consists of a PowerPoint presentation on a CD and two video segments on a single DVD. The components which comprise the package are designed so that they may be utilized as separate stand-alone items or presented together for an integrated lesson.

The complete *Conducting Effective After Action Reviews* training package costs approximately \$15 (plus shipping) and can be obtained by ordering directly from the following source:
