

After Incident Report Lessons Learned Center

The purpose of the After Incident Report is to identify both successes and challenges on an incident that can be used as a learning tool for others. The lessons learned in the report will also be used to improve training curriculums. Issues and trends that are identified may have Information Collection Teams assigned to them in the future for further analysis and resolution.

Type 1-5 incident commanders and agency administrators are requested to complete the following questionnaire for each incident they manage. Crews and single resources are also encouraged to complete the questionnaire for incidents they participated in:

Incident Name:	Type of Incident:
Dates of Assignment:	Unit or Jurisdiction(s):
Geographic Area:	Report Submitted by:
Submitter's Email:	Phone Number:

1. What was the most notable success at the incident that others may learn from? Please explain.
2. What were some of the most difficult challenges faced and how were they overcome? Please explain.
3. What changes, additions or deletions are recommended to wildland fire training curriculums?
4. What issues were not resolved to your satisfaction and need further review? Based on what was learned, what is your recommendation for resolution?

Please submit this report to the Lessons Learned Center at the National Advanced Resource Technology Center (NARTC) attention Paula Nasiatka (pnasiatka@fs.fed.us or Fax 520-670-6413)

Thank you for completing the report. Others can learn from your experiences.
