2005 NWCG NFES Catalog Part 2: Publications Update

This update is provided by the Great Basin Cache, National Interagency Fire Center. Questions regarding this update may be directed to Cindy Wolf 208-387-5119 or cindy_wolf@nifc.blm.gov

The Great Basin Cache performs an annual inventory in January of each year. This year, orders must have been received no later than December 19, 2005 to allow time for processing and shipping before the inventory. Order processing and shipping will resume approximately January 23, 2006. Orders received after December 19, 2005 will be held until the inventory is complete, then processed "first in, first out". There will be delays in shipping as the orders are processed after January 23 based on the huge number of orders received during this inventory period. Please plan accordingly.
