

## ***After Incident Report Lessons Learned Center***

The purpose of the After Incident Report is to identify issues that occurred on an incident and how they were resolved. The lessons learned in the report will also be used to refresh or update training curriculums. Issues and trends that are identified may have Information Collection Teams assigned to them in the future for further analysis and resolution.

Type I – V Incident Commanders and Agency Administrators are requested to complete the following questionnaire for the incident(s) that they managed. Crews and single resources are also encouraged to complete the questionnaire for incidents they participated in:
