

**Incident Name:** Roosevelt Fire Travel Unconsciousness (2018)

**State:** Nevada

**Date:** 10/3

**Incident Type:** Medical Emergency in Travel Status

**Description of the incident:**

An IHC crew, in travel status returning home from the Roosevelt Fire, had overnighted in Wendover, NV. A member of the crew was found unconscious the following morning. Other crew members alerted 911 and the patient was then flown by air ambulance to a hospital in Salt Lake City and is still hospitalized as of the release of this report.

The Wildland Fire Foundation assisted in bringing the firefighter's family to the hospital.

On the afternoon of 10/4/18, the Forest Supervisor released a statement from the Family Liaison at the hospital. "Our firefighter's condition is steadily improving. His family is grateful for the support around them."
