

Incident Name: Swan Lake Fire IHC Crewmember Bee Sting (2019)

State: Alaska

Date: 8/29/19

Incident Type: Animals or Insects

Description of the Incident:

An American River Hotshot Crewmember experienced an allergic reaction to a bee sting on the Swan Lake Fire on the Chugach National Forest. The Firefighter self-administered epinephrine. Forest Service EMTs assisted in getting the Firefighter to an ambulance and then to a hospital. The firefighter was admitted, kept for observation overnight and released the following day.
