

**Incident Name:** Apache-Sitgreaves NF PT Heat Exhaustion Incident (2020)

**State:** Arizona

**Date:** 4/28/20

**Incident Type:** Heat

**Description of the Incident:**

A firefighter on a Type 2 IA crew was engaged in a 2-mile physical fitness hike and, when finished, collapsed at the crew vehicle. A U.S. Forest Service EMT evaluated the employee, who was driven to the hospital in an agency vehicle for precautionary measures. The firefighter was released the same day. Heat exhaustion or altitude sickness was suspected. An AAR will be conducted to share information on this incident.
