

Incident Name: Bankhead NF Hit By Tree (2019)

State: Alabama

Date: 4/2/19

Incident Type: Hit By Tree

Description of the Incident:

A U.S. Forest Service seasonal employee was near a dozer that was pushing over a snag. The top of the snag broke out and hit the dozer and then the employee. A Forest Service EMT (certification expired) responded and drove the employee to a hospital. The employee was evaluated and released. The Forest is completing an RLS on the incident.
